

**Project Title: Perceived Well-being Experiences of Global South Athletes in Global North Sports Systems: The Case of Canada**

**Subject Line: Invitation to participate in research**

Hello,

You are invited to participate in a study that we, Dr. Laura Misener and Hamid Mustafa, are conducting on rights and wellbeing of athletes who migrate to Canada from the Global South. We aim to explore the concept of well-being and how it transcends physiological, psychological and emotional well-being and can be objectively and subjectively measured.

To be eligible to participate, you must meet the following criteria:

1. Be a current sport organization administrator, or settlement services sport provider
2. Holding or held a role that has intersected with athlete well-being, organization policy development, equity diversity and inclusion (EDI) or newcomer integration policy
3. Capacity for conversational English and reliable access to online platforms to conduct interviews

**What the study entails:** If you agree to participate, you will be asked to conduct a virtual interview. The total time of your participation will be approximately 40-50 minutes. You will be asked a series of questions about your role and your organizations role in improving athletes wellbeing particularly of newcomer immigrant athletes.

If you are interested in participating or would like additional information about the study, please reach out to the contact listed: [hmusta3@uwo.ca](mailto:hmusta3@uwo.ca). We look forward to hearing from you!

**Principal Investigator:**

Dr. Laura Misener [lmisene@uwo.ca](mailto:lmisene@uwo.ca) and

Co-investigator: Hamid A. Mustafa

Email: [humusta3@uwo.ca](mailto:humusta3@uwo.ca)

Best Regards,

Hamid A. Mustafa

PhD Candidate,

School of Kinesiology,

Faculty of Health Sciences, Western University
